2020 4th International Conference on Mechanical Engineering and Applied Composite Materials (MEACM2020)

24-25 October, 2020 | Beijing, China

CALL FOR PAPERS

Calling For Papers/ Abstracts/ Listeners/ Posters/Speakers/ TPC Members

MEACM2020 is hosted by University of Science and Technology Beijing, sponsored by X- ACADEMY. The conference program covered invited, oral, and poster presentations from scientists working in similar areas to establish platforms for collaborative research projects in this field. This conference will bring together leaders from mechanical engineering and applied composite materials to exchange and share their experiences, present research results, explore collaborations and to spark new ideas, with the aim of developing new projects and exploiting new technology in this field.

We sincerely invite researchers from all over the world to participate in our conference!

About Publication

Papers submitted to MEACM2020 will be reviewed by technical committees of the conference. All accepted and registered papers will be published in Conference Proceeding. And all papers will be submitted to EI Compendex and many other major databases.

Topics

Topics of interest for submission include, but are not limited to:

**TOPIC1: MECHANICAL ENGINEERING**
- Engineer Materials
- Mechanical
- Precision mechanics, mechatronics
- Mechanical Manufacturing and automation
- Mechanics of Applied-Statics and Dynamics
- Mechanics of Fluid
- Mechanics of Solid
- Hydraulic transmission
- Mechanical-electronic engineering
- Mechanical power engineering

**TOPIC2: MECHANICAL SCIENCE AND TECHNOLOGY**
- Dynamics of machinery
- Precision Manufacturing and Processing
- Instrument Science and Technology
- Mechanical design and theory
- Gearing and transmissions
- Machine elements
- Robotics and mechatronics
- Micro/nano mechanisms and machines
- Robot mechanisms Control and application
- Research and Application of dynamic performances of mechanisms and machines

**TOPIC3: MATERIALS SCIENCE**
- Metal and metal composite
- Nonmetal and metal composites
- Nonmetallic and nonmetallic composites
- material Composite materials
- Fiber composites
- Composite Materials Mechanics
- Functional composites
- Inorganic nonmetallic composites
